

July 2010

Greetings to all my dear family!

I do hope all of you are doing well and strong in the faith! Remember we are called to walk by faith not by sight! We walk by His promises not by our circumstances. We walk by His truth, not by our feelings! If we are going to be overcomers, we must walk by faith and let nothing else move us and direct us. His truth is my cornerstone which I stand and build on! All other is like sinking sand!

We have been very busy this summer, but the biggest change in our family, has been an addition to it! We have adopted a wonderful girl whose name is Anna Jadira! What a shocker at least for most people we have told! Anna is 18 years old and has two other sisters and one brother! They have grown up in orphanages from two years old. Sometimes together and other times separated. Many people have asked us, "Why so old?" Well I really have no true answer, but to show love and mercy and hope to those who lost all hope! Always desiring to have a family, always desiring to be the one picked from the bunch! Always desiring for mother to come and get them and take them home, but that day never came. This to me is the greatest way to show God's love! She now says, "I have no idea how this happened, I never imagined somebody would want me! After so many years, I just built a shell of protection around me, so I would not get hurt!" I can only say, that this has been a God thing, my wife and my two daughters love her as our own. It makes me a proud father and husband of these wonderful women who make up my family!

Anna has one more year of high school left and she wants to learn cosmetology and have her own salon! She has many changes to make, like learning how to give and receive! So I do ask for your prayers not just for Anna, but now for our whole family.

Like I said we have been very busy this summer, from working at the dump taking food to the workers and children there, to the youth camp and the womens' retreat! We had Backyard Bible School for two weeks, from 10am

to 4pm. This has opened the doors for us to get to know many other families in our neighborhood! This has allowed us to start a children's club every Saturday with all the kids that have come to B.B.S. I can only say, it has been hard work, but such a great blessing!

We have been slowly progressing in the upstairs of our new church building. Because of funds its only creeping along! But we are making progress! We are also enrolling 6 teens to Jr. high and high school! And of course all the other children who are enrolled in elementary! So I do hope you keep us in your prayers as we provide hope to teens and these children who at one time thought they never had a chance!

So as you see, we have been keeping very busy! You might say, "Carlos, I do not know how you do it!" Well it's not coffee, but the passion of Christ in our hearts that we work with gratefulness and a desire to share the love of Christ with all people, without making an exception of people or age! We work without limits and without fear! Thank you again for your faithfulness, that despise of hardship, we know we can trust in God to work through His people. So from the bottom of our hearts THANKS A MILLION!

In His Passion, Carlos and Rossy
